Curriculum checkout available - Room #233. Any of the items on the blue shelves are available for check-out. (There are some chapter books, games, etc.) On the top shelf is a file sorter. In the very front, there is a blue folder with a clear cover on the front that says Homeschool Checkout Folder. Everyone should sign-out their materials in this booklet. The materials are sorted by subject. Soon each shelf will be labeled according to subject. Also, if anyone has items to donate, they can leave them in the library so they can be properly inventoried.
