- ***ASVAB Test***
Exam for military entrance. Also has helpful career interest inventory. Most useful for 10-12th grade. Free. **Given in early Sept at Huntsville Christian Academy**

Check individual colleges for scores needed for college admission or scholarships. Scores beginning about 22 are in scholarship range. Scholarship early application deadline is Dec. 1 each year at majority of four year colleges.

*Many advise that students should take both ACT(act.org) and SAT and see which test fits them better. Students tend to score better on one or the other. Students should plan on taking these tests more than once (with additional study time). Many students begin by taking both tests in summer before or fall of junior year as a baseline so that they have time to see what topics that they might benefit from some additional study.

LCA offers other events like College Fairs that would be of interest to high school families.

*You are invited to their **College Fair** on Wed, Jan 13, 2021 from 10am-2pm, free.*
